EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. B. Dutton on 9/7/04.

The application has been amended as follows:

In the Title:

"Method and Conversion Apparatus" has been changed to --of Interlaced MPEG-2 to Progressive MPEG-4--.

In the Claims:

Claims 2, 3, 5, and 6 have been canceled.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: Figures 1-34 have been labeled as --Related Art--. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. The following is an examiner's statement of reasons for allowance: Claims 1 and 4 are considered allowable over the prior art because none of the references of record alone or in combination suggest, disclose, or teach a motion vector conversion apparatus and method for conversion of 16 x 16 motion vectors of interlaced MPEG-2 into 8 x 8 and 16 x 16 motion vectors of progressive MPEG-4 such that every other P

frames is dropped; duplicating motion vectors of a P frame immediately preceding each P frame to be dropped; and extending the duplicated motion vectors to twice in the temporal direction to produce MPEG-4 converted from an intra-frame of MPEG-2 all together as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Y. Lee whose telephone number is (703) 308-7584. The examiner can normally be reached on (703) 308-7584.
